(3) For initial and additional licensure programs, the application must provide evidence of teaching and assessing content standards for one or more licensure programs under parts 8710.3000 to 8710.8080, including:

(a) the program provides candidates with a sequence of learning opportunities based on the specific content standards of one or more licensure program

35.1 under parts 8710.3000 to 8710.8080, including field specific methods instruction and reading  
35.2 methods; and

35.3 (b) evidence of how the program will provide opportunities for candidate  
35.4 learning and assessment specific to each standard of the identified licensure program.

35.5 (4) The application must provide evidence that the program provides and  
35.6 requires clinical experiences aligned to the scope and content of the licensure field sought,  
35.7 as required in part 8705.1010, subpart 3;

35.8 (5) The application must provide evidence of its program type. A program  
35.9 can have more than one program type. Program types include:

35.10 (a) "Baccalaureate," defined as a licensure program that grants credit  
35.11 and is designed for candidates who are seeking their undergraduate degree at the same time  
35.12 as completing a teacher preparation program.

35.13 (b) "Classroom-based," defined as a licensure program designed for  
35.14 on-site learning where more than 80 percent of the instructional content is provided in a  
35.15 shared physical space.

35.16 (c) "Hybrid," defined as a licensure program designed for a combination  
35.17 of classroom-based and online learning, where 20 to 80 percent of the instructional content  
35.18 is provided in a shared physical space and the remaining is provided in a virtual format.

35.19 (d) "Online," defined as a licensure program designed for distant learning  
35.20 where more than 80 percent of the instructional content is provided through a virtual format.  
35.21 Candidates must complete field experiences and student teaching in a face-to-face format.

35.22 (e) "Other," a provider can request recognition of additional licensure  
35.23 program types. The board must approve or deny the request.

(f) "Post-baccalaureate," defined as a licensure program that grants credit and is designed for candidates who have already completed an undergraduate degree. The program may or may not lead to an advanced degree.

(g) "Residency," defined as a program offered in partnership with a designated school partner that provides a year-long clinical experience integrating learning opportunities and student teaching. A residency program uses a cohort-based model that pairs candidates, often referred to as residents, with cooperating teachers. The residency program must ensure each candidate is placed for a full academic year to co-teach and participate in professional development for at least 80 percent of the contracted school week. The residency program must ensure that each cooperating teacher serves as the teacher of record and receives ongoing professional development in co-teaching, mentoring, and coaching skills. Candidates may receive a stipend, salary, or other form of commensurate financial support during the residency program.

(h) "Transfer," defined as a licensure program that meets only a subset of licensure standards and does not recommend candidates for licensure. This program type is only available to units approved as restricted units.

(6) The application must identify a process for continuous improvement that includes:

(a) identification of three key assessments used to assess all candidates and identify areas to track for program efficacy, including at least one assessment monitoring applicable content standards in parts 8710.3000 to 8710.8080. Each assessment must monitor no more than ten specific substandards in part 8710.2000 or content standards;

(b) attestation that all candidates must attempt board-approved content and pedagogy exams prior to recommendation, ~~for~~ and such data ~~on~~ will be remitted to the board to demonstrate program efficacy;

(c) attestation that all candidates must submit a complete board-adopted performance assessment prior to recommendation, ~~for~~ and such data on will be remitted to the board to demonstrate program efficacy; and

(d) attestation that the implementation of the battery of board-adopted surveys must be provided for candidates, program completers at completion and one year after completion, and the program ~~completer's~~ completers' current ~~supervisor~~ supervisors one year after completion.

**Subp. 3. Initial review procedures.**

A. RIPAs must be initially reviewed by trained content experts and board staff according to timelines and consistent with standards adopted by the Professional Educator Licensing and Standards Board. During the initial review, the content experts must identify each applicable standard in this chapter and parts 8710.2000 to 8710.8000 that align to the licensure area ~~must be identified as:~~

(1) "Met;" when the substance of the standard is evidenced through a learning opportunity and an assessment;

(2) "Met with Concern;" when the substance of the standard is evidenced through a learning opportunity and an assessment but the reviewer is concerned with how the standard was identified or evidenced in its submission; or

(3) "Not Met;" when the substance of all or part of a standard is not evidenced through a learning opportunity and an assessment or when there is evidence of false or conflicting information tied to a particular standard.

If the applicable standards are found to be "Met" and there are no requests for a discretionary variance from standards in this chapter or chapter 8710, the program will be recommended to the board for approval.

B. If during the initial review applicable standards are identified as "Met with Concern" or "Not Met," the provider may choose to make changes to learning opportunities and assessments for a second review. During the second review, the content experts must review changes to learning opportunities and assessments for standards identified as "Met with Concern" or "Not Met" during the initial review and determine whether the standards are "Met," "Met with Concern," or "Not Met."

C. The program review panel (PRP) must review all RIPAs with standards identified as "Met with Concern" or "Not Met" and all RIPAs seeking a discretionary variance from board rule. The PRP must make a recommendation to the board regarding whether the program should be approved.

Subp. 4. **Board determinations.** The board must take one of the following actions based upon the PRP's recommendation.

A. The board may grant initial approval for up to three years to launch the program and to begin to collect candidate and program efficacy data needed for continuing approval. A program with initial approval must seek continuing approval by submitting a program effectiveness report for continuing approval (PERCA) on the same reporting cycle as the unit.

(1) Continuing approval is granted when:

(a) data from a minimum of ten program completers shows that candidates meet board-adopted thresholds on state-required examinations and performance assessments; and

(b) the program continues to demonstrate compliance with the standards and requirements of this chapter.

(2) If, after three years, the program has fewer than ten program completers, another three years of "initial approval" shall be granted. If, after six years of "initial

approval," there are fewer than ten program completers, the program will be forwarded to the PRP.

(3) If data from at least ten program completers shows that candidates do not meet board-adopted thresholds on state-required examinations and performance assessments, the program must be forwarded to the PRP.

B. The board may deny the request for initial approval. The program may not enroll candidates. The provider may not submit a request for initial program approval until after one year has passed since the date of the denial action.

**8705.2200 PROGRAM EFFECTIVENESS REPORT FOR CONTINUING APPROVAL (PERCA).**

*[For text of subpart 1, see Minnesota Rules]*

**Subp. 2. Program effectiveness report for continuing approval (PERCA).**

A. A unit must seek continuing approval of a program every three years by submitting a program effectiveness report for continuing approval (PERCA) that includes the following:

(1) the number of candidates enrolled and the number of program completers in each of the last three years;

(2) aggregate candidate scores and pass rates in state-required examinations in the last three years; and

(3) aggregate candidate scores and pass rates in board-adopted performance assessments in the last three years.

B. The unit must report when the primary placement of one or more standards has been changed by revising the learning opportunities and assessments described in the

40.1 online educator preparation provider application system (EPPAS) at the time of the PERCA  
40.2 submission.

40.3 C. PERCAs must be reviewed according to the initial program review procedure  
40.4 in part 8705.2100, subpart 3, when:

40.5 (1) significant program changes have been made such that the primary  
40.6 placement of at least 25 percent of standards resulted;

40.7 (2) significant changes have been made to one or more methods courses have  
40.8 been made such that the primary placement of at least 25 percent of standards resulted; or

40.9 (3) learning opportunities and assessments specific to unit Standard 2,  
40.10 subitems (4) to (8), are modified.

40.11 Subp. 3. **Program effectiveness reports for continuing approval (PERCA) review**  
40.12 **procedures.**

40.13 A. PERCAs must be initially reviewed by board staff. PERCAs must be submitted  
40.14 to the program review panel for review when:

40.15 (1) program changes to learning opportunities or assessments have been made  
40.16 and standards are found to be "Met with Concern" or "Not Met";

40.17 (2) the program is out of compliance with one or more of the requirements  
40.18 ~~set forth~~ in this chapter, chapter 8710, or Minnesota Statutes, chapter 122A;

40.19 (3) the program has an existing status of "approval with a continuous focus  
40.20 area" and has failed to ~~fully~~ address its continuous focus area;

40.21 (4) the program has an existing status of "probationary"; or

40.22 (5) the program has failed to ~~fully~~ meet the requirements set forth by a required  
40.23 interim report.

41.1 B. The PRP or board staff must make a recommendation to the board regarding  
41.2 whether to approve the program.

41.3 Subp. 3a. **Board determinations.** Based on the findings of the PERCA submission  
41.4 and recommendations of the PRP or board staff, the board must make one of the program  
41.5 approval decisions in items A to D.

41.6 A. The board must grant continuing approval for three years when the program  
41.7 report provides evidence that the program meets adopted performance standards, statutory  
41.8 and rule requirements, and evidences that candidates have attained competency of licensure  
41.9 standards. For federal Title II reporting, the board must identify the program as "effective"  
41.10 in the state report card.

41.11 B. The board must grant continuing approval with focus areas for three years  
41.12 when the program report revealed that one or more standards, rules, or candidate performance  
41.13 measures were not in compliance with board criteria, including when less than 70 percent  
41.14 of candidates meet board-adopted thresholds on state-required examinations and  
41.15 board-adopted performance assessments. Continuing program approval status is granted  
41.16 with board-identified areas of focus for continuous improvement. The continuous  
41.17 improvement portion of the PERCA report must include evidence of progress in the identified  
41.18 focus areas in the subsequent reporting cycle. The board must make the status of approval  
41.19 with continuous improvement focus and the identified focus areas publicly available on the  
41.20 board's website. Based on evidence of progress specific to the focus areas, the board may  
41.21 grant an additional two years of continuing approval with continuous improvement focus.  
41.22 ~~For federal Title II reporting, the board must identify the program as "at risk of low~~  
41.23 ~~performing" in the state report card.~~

41.24 C. The board must place a program on probation for up to two years when the  
41.25 program does not demonstrate acceptable progress on focused continuous improvement  
41.26 plans. Probationary status authorizes the program to continue with one year to demonstrate

progress on identified unmet standards, rules, or candidate performance measures. During the first year a program is on probation, the board must identify the program as "at risk of low performing" in the state Title II report card. After one year, and based on a written progress report, the board may grant a second one-year extension of the probationary status prior to discontinuing the identified program. Candidates enrolled in a formerly approved program that is placed on probationary status must be notified of the program's status. Probationary status may result in federal reporting or financial aid implications or may impact other accreditations. ~~For federal Title II reporting~~ During the second year a program is on probation, the board must identify the program as "low performing" in the state Title II report card.

D. The board must discontinue a program when the failure of the program to meet the requirements and standards in this chapter, chapter 8710, or Minnesota Statutes, chapter 122A, results in an inability to prepare candidates for licensure. ~~When discontinuing a program, the board must establish a timeline to accommodate candidates enrolled in the program.~~ No new candidates may be admitted into a discontinued program after the date the board acts to discontinue the program. The provider must submit to the board a list of candidates enrolled in the program ~~and,~~ their expected completion dates, and a plan for those candidates to complete the program by a specified date. The provider must individually notify those candidates in writing of the program's discontinuation and their program completion options. The unit may not apply for program approval for a program that has been discontinued until at least three years have passed since the board action.

Subp. 4. [See repealer.]

## **8705.2600 BOARD ACTIONS, DISCRETIONARY VARIANCES, AND APPEALS.**

Subpart 1. **Interim conditional approval.** When amendments or additions to Minnesota statutes or to Professional Educator Licensing and Standards Board rules regarding teacher licensure requirements necessitate substantial unit or preparation program revisions,

the board may grant interim conditional approval to any currently approved unit and its currently approved teacher preparation programs upon receipt of assurances on a form established by the board that the new requirements will be met by their effective date. The unit or program is returned to its former status upon full compliance with new requirements on a schedule determined by the board.

**Subp. 2. Revocation or suspension of approval.** The board may revoke or suspend the approval status of a unit or program when the board determines that the unit violated ethical or legal practices or board rules. A provider may reapply for approval after two years have passed since the date of the board action.

**Subp. 3. Appeal of board decision.** A provider may appeal a decision by the board regarding the approval status of a unit or a program to prepare candidates for teacher licensure pursuant to Minnesota Statutes, chapter 14.

**Subp. 4. Voluntary discontinuation.**

A. For a unit to voluntarily discontinue an approved licensure program, the unit must submit a letter signed by the unit's administration to the executive director of the board, including:

(1) a brief rationale for discontinuing the program;

(2) the last date when new candidates are allowed to enter the program; and

(3) a list of candidates enrolled with expected completion dates.

B. The unit must notify all enrolled candidates in writing of the program's discontinuation and their program completion options.

C. A provider must submit a request for initial program approval (RIPA) application according to part 8705.2100 to obtain approval of a program that has been voluntarily discontinued.

44.1           **Subp. 5. Discretionary variance.** The board may grant a discretionary variance to  
44.2 authorize a provider or program to meet a requirement in this chapter in a manner other  
44.3 than as specified in rule or to waive the requirement entirely when application of the  
44.4 requirement would result in undue hardship. A provider may request a discretionary variance  
44.5 by using a form developed by the board. To apply for a discretionary variance, a provider  
44.6 must:

44.7           A. identify the requirement for which the variance is requested;

44.8           B. describe why adherence to the particular rule requirement would impose an  
44.9 undue burden or hardship; and

44.10           C. describe the alternative practices or measures in place to protect the rights and  
44.11 learning opportunities of candidates and students and the rationale for any alternative  
44.12 practices or measures.

44.13           The board shall review discretionary variance requests. If the discretionary variance request  
44.14 is denied, the board shall provide a written determination listing the reason for the denial.

44.15           The board may attach conditions to granting the variance if it is determined that conditions  
44.16 are needed to protect the rights of candidates and students.

44.17           **Subp. 6. Interim reports.**

44.18           A. If the board identifies new or repeated violations of the requirements ~~set forth~~  
44.19 in this chapter, chapter 8710, or Minnesota Statutes, chapter 122A, the board may require  
44.20 the unit to submit an interim report. The unit must submit an interim report within two  
44.21 months of receiving notice, and the report must include evidence of how the violations were  
44.22 resolved and how the unit or program has achieved compliance.

44.23           B. Upon receipt of the interim report, the board must take one or more of the  
44.24 following actions:

(1) notify the unit in writing that sufficient evidence has been submitted to determine that the violations identified in the interim report are "Met";

(2) change the unit's approval status to "~~approved~~ continuing approval with focus areas" for the remainder of the unit's approval period or until the unit provides evidence that all requirements identified in the interim report are "Met";

(3) change the unit's approval status to probationary for the remainder of the unit's approval period but no longer than two years or until the unit provides additional evidence that all requirements identified in the interim report are "Met";

(4) disapprove the unit;

(5) change a program's approval status to "approved with focus areas" for the remainder of the program's approval period or until the program provides evidence that all requirements identified in the interim report are "Met";

(6) change a program's approval status to "probationary" for the remainder of the program's approval period but no longer than two years or until the program provides evidence that all requirements identified in the interim report are "Met"; or

(7) discontinue its program or programs.

C. When taking a board action against a unit or program, the board must consider the nature and severity of the violation of law or rule and the effect of the violation on the rights of the candidates in the program.

**REPEALER.** Minnesota Rules, parts 8705.0200, subparts 2, 7, and 9; 8705.0300; 8705.1000; 8705.1100, subparts 1, 3, 4, and 5; 8705.1200; 8705.2200, subpart 4; 8705.2300; and 8705.2400, are repealed.
